**Common name**

**Synonym**

*Fuchsia coccinea*, auct. non Sol. ex Aiton

**Similar species**

*Fuchsia boliviana, Fuchsia x exoniensis*

**Summary**

Fuchsia magellanica is a shrub with many horticultural varieties. In tropical regions where it has been introduced (such as La Réunion and Hawaii), this rapidly developing plant tends to dominate native plant species. The very dense foliage of Fuchsia magellanica thickets intercept light, thus limiting the development of native understorey plants.

GLOBAL INVASIVE SPECIES DATABASE
FULL ACCOUNT FOR: *Fuchsia magellanica*

IUCN/SSC Invasive Species Specialist Group (ISSG)., 2010. *A Compilation of Information Sources for Conservation Managers.*

**Summary:** This compilation of information sources can be sorted on keywords for example: Baits & Lures, Non Target Species, Eradication, Monitoring, Risk Assessment, Weeds, Herbicides etc. This compilation is at present in Excel format, this will be web-enabled as a searchable database shortly. This version of the database has been developed by the IUCN SSC ISSG as part of an Overseas Territories Environmental Programme funded project XOT603 in partnership with the Cayman Islands Government - Department of Environment. The compilation is a work under progress, the ISSG will manage, maintain and enhance the database with current and newly published information, reports, journal articles etc.

**Summary:** This database compiles information on alien species from British Overseas Territories.

**General information**

**Summary:** L'objectif de ce papier est d'identifier les zones prioritaires en matière de gestion des invasions biologiques ? La R?union en mod?lisant la distribution actuelle et potentielle d'une s?lection de plantes parmi les plus envahissantes.

**Summary:** Base de donn?es sur la flore de La R?union. De nombreuses informations tr?s utiles.

**Summary:** An online database that provides taxonomic information, common names, synonyms and geographical jurisdiction of a species. In addition links are provided to retrieve biological records and collection information from the Global Biodiversity Information Facility (GBIF) Data Portal and bioscience articles from BioOne journals.

PIER (Pacific Island Ecosystems at Risk), 2006. *Fuchsia magellanica*

**Summary:** Available from: [http://www.hear.org/pier/species/fuchsia_magellanica.htm](http://www.hear.org/pier/species/fuchsia_magellanica.htm) [Accessed 7 April 2008]

**Summary:** Cet article propose un bilan des m?todes et des r?sultats relatifs aux ?tudes traitant de la connaissance des cons?quences ?cologiques des invasions de plantes exotiques.
