

Bellis perennis

System: Terrestrial

Kingdom	Phylum	Class	Order	Family
Plantae	Magnoliophyta	Magnoliopsida	Asterales	Asteraceae

Common name Tausendschön (German), lawn daisy (English), European daisy (English), English daisy (English), vellorita (Spanish), pâquerette (French), Gänseblümchen (German)

Synonym

Similar species

Summary

The English daisy *Bellis perennis* is a pasture weed that can get aggressive and dominant sometimes leading to lower pasture production. It is found growing in lawns, pastures (especially wetter areas), waste places, forest margins and clearings, stream banks, seepages, cultivated land, dunes and tussock grassland.
