**Common name**

Tausendschön (German), lawn daisy (English), European daisy (English), English daisy (English), vellorita (Spanish), pâquerette (French), Gänseblümchen (German)

**Synonym**

**Similar species**

**Summary**

The English daisy Bellis perennis is a pasture weed that can get aggressive and dominant sometimes leading to lower pasture production. It is found growing in lawns, pastures (especially wetter areas), waste places, forest margins and clearings, stream banks, seepages, cultivated land, dunes and tussock grassland.
